

REJUVENATION

Bowman Pull

PARTS INCLUDED

Drawer Pull	1 pc
8-32 1" Truss Head Screw	2 pcs
8-32 1-1/2" Truss Head Screw	2 pcs

TOOL REQUIRED: Philips Screwdriver, 3/16" drill bit and drill.

INSTALLING INSTRUCTIONS

Note: This pull includes hardware that is designed to mount securely to drawer-fronts or cabinet doors that have a thickness range between ½ inch and 1-1/2 inches. If your drawer-front or door is thicker or thinner than this range, please obtain the appropriate size screw from your local hardware store. This pull has multiple mounting holes on the back but only two of those holes will be used for mounting.

1. Carefully determine a desired Pull location. Use a 3/16 inch diameter drill bit and an appropriate drill to make two holes through the drawer-front / door with the proper center to center distance matching your pulls and the holes you select.
2. Insert the appropriate length screws from the back of the drawer-front / door.
3. Attach the drawer pull onto the protruding threads of the screws. Use a screwdriver to tighten the screws while gently holding the drawer pull.

CARE INSTRUCTIONS

Wipe with a soft, dry cloth. To protect the finish, do not use household cleaners or abrasives.

CALIFORNIA PROPOSITION 65 WARNING: This product contains brass hardware components which contain lead, a heavy metal known by the State of California to cause cancer, birth defects, or other reproductive harm.
