

## ROSEMONT Hook Rack

**⚠ CALIFORNIA PROPOSITION 65 WARNING:** This product can expose you to chemicals including Lead which is known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to <https://www.p65warnings.ca.gov/>

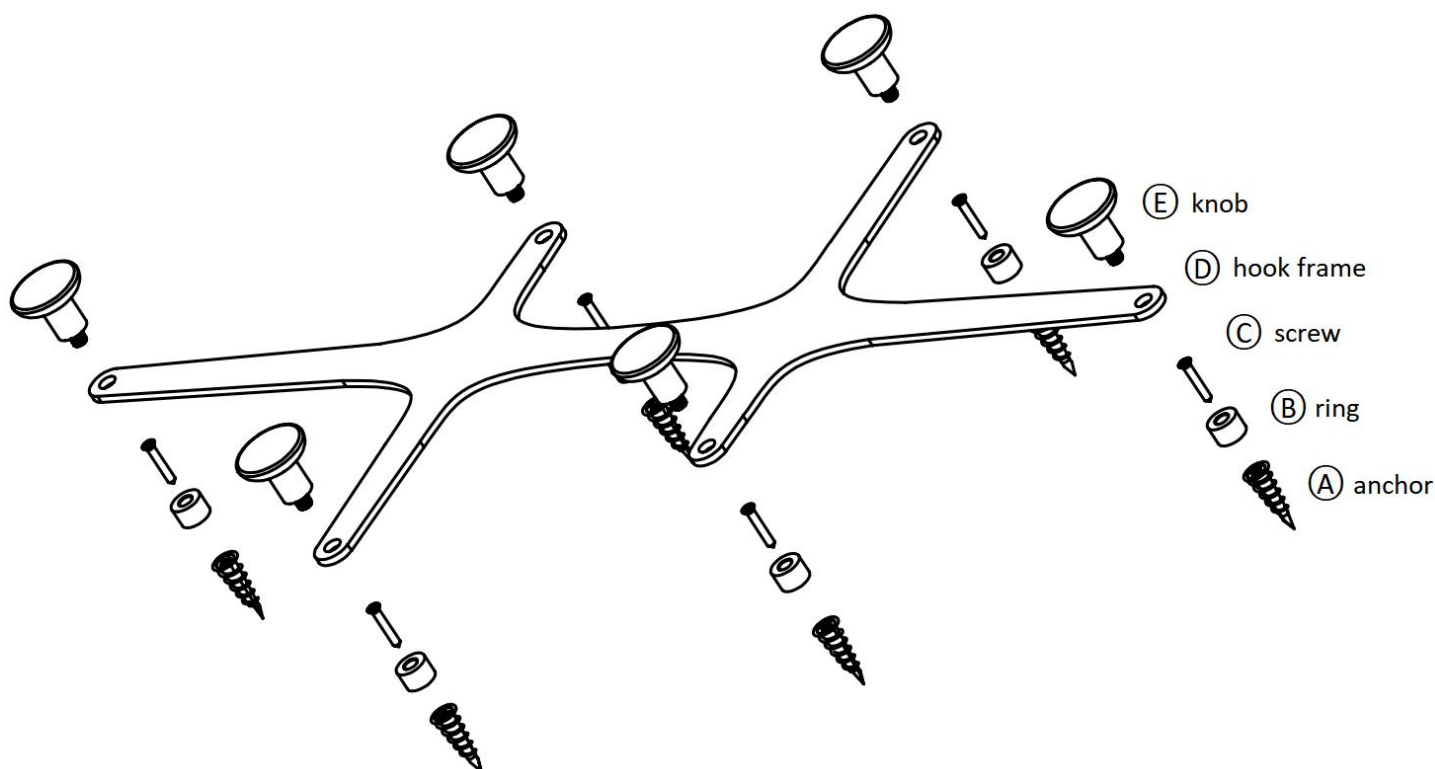

## PARTS INCLUDED:

- 6 Brass Knobs
- 1 steel hook frame
- Screw pack (6pcs drywall anchors, 6pcs rings, 6pcs #8-15 Flat-head Phillips screws)

**TOOLS NEEDED:** Phillips screwdriver, Pencil

## MOUNTING INSTRUCTIONS:

1. Determine the desired location, then mark screw hole location with a pencil.
2. Use a Phillips screwdriver to insert the anchors (A). Do not push or pound the anchors on wall as it is self-drillable and designed to bore into the wall like a screw.
3. Insert the supplied screws (C) through the ring (B) into the anchors until screw sink in the ring.
4. Put the hook frame (D) over the ring, secure the knobs (E) into the ring thread tightly through the frame.

*The maximum load capacity is 120 LBS (55 KGS).*

## CLEANING INSTRUCTIONS:

- Dust often using a clean, soft, dry and lint-free cloth.
- Blot spills and wipe with a clean, damp cloth immediately.
- We do not recommend the use of chemical cleansers, abrasive or furniture polish on our lacquered finish
- Hardware may loosen over time. Periodically check to make sure all connections are tight. Re-tighten if necessary.
